# Kaso sa Kalye Maligaya

**A family detective game for 2 to 4 players, ages 6 and up, about 20 to 30 minutes**

### Bukas na ang fiesta!

Tomorrow is the fiesta of Kalye Maligaya, but one of the six fiesta treasures is missing! Someone borrowed it without asking and left it somewhere in the barangay. Be the first detective to find out **WHO** borrowed it, **WHAT** they borrowed, and **WHERE** it is, so the parade can go on.

**Nobody is bad in Kalye Maligaya. The borrower just forgot to ask!**

## What you need

- The game board
- 6 **Gamit** cards (what)
- 6 **Balita** cards (surprises)
- 1 die and some pencils
- 1 pawn per player: a coin, bottle cap or button
- 6 **Suspek** cards (who)
- 9 **Lugar** cards (where)
- 1 Detective Notebook per player
- 1 small envelope (the Case Envelope)

## Setup

1. Sort the clue cards into three piles: Suspek, Gamit and Lugar. Shuffle each pile face down.
2. Without peeking, take the top card of each pile and slide all three into the Case Envelope. That is the secret answer!
3. Shuffle the other 18 clue cards together and deal them all out. If a few are left over, place them face up for everyone to see.
4. Look at your cards and cross them off in your notebook. Cards you can see are never in the envelope.
5. Shuffle the Balita cards and put them face down on the board. Everyone puts their pawn on the **Plaza**. The youngest player goes first.

# On your turn

1. **Roll and move.** Walk your pawn along the grey roads. Roll 1: draw a Balita card and do what it says, then move 1 road. Roll 2–3: move 1 road. Roll 4–5: move 1 or 2 roads. Roll 6: **Jeepney!** Ride to any place. Para po!

2. **Tanong! Ask another player.** You must ask every turn, unless a Brownout card stops you or you solve the case instead. Pick one other player, then name the place your pawn is in, plus any suspect and any fiesta item.

   **“Ben, I think Mang Ben borrowed the Sungka at the Palengke!”**

   If Ben has any of those three cards, he secretly shows you **one**. If he has none, he says “Wala!” That is a clue too.

3. **Mark your notebook.** Cross off the card you were shown. Then it is the next player’s turn.

## Lutasin! Solve the case

When you think you know, say “Lutasin!” on your turn instead of asking. Say who, what and where out loud.

A grown-up who is not playing peeks in the Case Envelope and says only **“Tama!”** or **“Hindi pa!”**

**Tama?** You win! The borrower says sorry, returns the treasure, and the whole barangay celebrates.

**Hindi pa?** Move your pawn to the Plaza and skip your next turn. Keep showing cards when others ask.

No grown-up helper? Peek secretly yourself. If you were wrong, put the cards back. You can’t solve again this game, but keep playing and showing cards.

### For little detectives

Play in teams: a grown-up and a child share one hand and one notebook. Read every card out loud.

### Printing tips

Print at actual size (100%). Use thick paper for the cards so they can’t be seen through. Cut on the dashed lines.
